

Why S.W.A.P?

In order to provide additional healthcare and wellness support to our CTGR enrolled tribal members and to help offset necessary medical costs, while still following the National Indian Health Policy rules.

S.W.A.P. Funding Limit

S.W.A.P. funding limitations is set each fiscal year by the Board of Directors.

- If a CTGR member reaches their funding limit, they will not receive additional funds during that calendar year.
- Funds WILL NOT roll over into the next calendar year.

Payment/Reimbursement is contingent upon Sacred Circle having the funds to pay for the medical care. If Sacred Circle Healthcare lacks the funds to pay for the medical care, Sacred Circle will pay when and if funds become available within that Calendar Year.

S.W.A.P.

The program is designed to offer supplemental healthcare cost support and other wellness assistance to enrolled CTGR members through an [application process](#).

Sacred Circle Healthcare is able to provide this program by generating “restricted” funds that are earmarked for “healthcare purposes” (as defined by the Declaration of National Indian Health Policy):

- “Restricted” is limited in the ways the funds can be spent.
- Standards used for allowable costs will fall under the Declaration of National Indian Health Policy
- Standards of use for allowable costs will fall under federal H.S.A. guidelines
- Standards for use of allowable costs will fall under Healthy People 2010 Initiative
- Per I.H.S. and Medicaid regulations, all funds generated from SCHC (federal funds) are to be “Payor of last resort” which means other forms of payment should be utilized first: HSA, insurance, state funding, etc.
